

making chronic disease optional....together, with better outcomes

Vibility is excited to launch our integration with Aptogenix! While future developments to this integration are already underway, Phase One is complete and ready to use. If you are registered as a provider with Aptogenix, you can now order a Vibility-created gut repair and detox protocol for your practice members through Aptogenix at the same time you register them for a Vibility program. The below guide will walk you through the steps needed to utilize this connection:

Step 1 - Register as an Aptogenix Provider, or verify your account if already created

1. First, make sure you have registered as an Aptogenix provider. If you do not have an Aptogenix account, fill out the form here to begin the process:
<https://share.hsforms.com/1gcJf1jeUREiMUiiXvchZCO5jg92>
2. If you are registered as an Aptogenix provider, please verify the email address associated with your Aptogenix account by logging in at <https://portal.aptogenix.com/>. You will need your primary provider's Aptogenix email address.

Step 2 - Submit your information to link Aptogenix to your Vibility account

1. If you are starting out with Aptogenix without switching from another protocol:
 - a. Login to your Vibility platform
 - b. Click "Practice" in the menu on the left
 - c. Scroll down to the "Integrations" section and click the + icon in the box that says "Aptogenix."
 - d. Enter the email address associated with your primary provider's Aptogenix account
 - e. Click "Connect"
2. If you are switching from a different Vibility protocol:
 - a. Use the form found at <https://vibility.com/aptogenix-launch/> to notify the Vibility team of your intention to start utilizing Aptogenix in your Vibility programs. On the form, you can select a "launch date" for beginning Aptogenix protocols. This date can be today's date or you can select a future date if you need additional time before making the switch. Please note that it may take 2-3 business days for Vibility to update your program content even if today's date is selected.
 - b. On the form, enter the email address associated with your Aptogenix account from Step 1. This is required as part of submitting this form so we can ensure a seamless connection. *Note: your practice's Aptogenix account email address may be different from the email you use in the Vibility platform.*

- c. Vibility will connect your account to Aptogenix and activate the Aptogenix protocol content within your programs
- d. Any practice members registered with a previous supplement protocol will still see the their original protocol documents and videos within their program even as you switch to offering Aptogenix to new practice members
- e. Vibility will confirm that your Aptogenix connection and content are live and notify you when complete!

Step 3 - Start registering new practice members for programs with the Aptogenix protocol

1. Once the integration is complete, your registration process in Vibility will show you new options to select Aptogenix protocols. Once you select a program in the “Program” box, a new box titled “Supplement Protocol” will appear. Select the Aptogenix protocol you intend to use for the practice member you’re registering:

The image shows a registration form with several fields: Last Name, Gender (dropdown), Birth Date (MM/DD/YYYY), Email Address (Email), and Phone Number ((000) 000-0000). Below these is a Program dropdown menu showing "6 Month Program". To the right of the Program dropdown is a Supplement Protocol dropdown menu, which is circled in red. The Supplement Protocol dropdown is open, showing options: "- Select One -", "Aptogenix (Basic)", "Aptogenix (Pro)", and "Non-Protocol".

NOTE: This Supplement Protocol box may also include other supplement protocols based on 1) whether you are offering both the Aptogenix Basic and Aptogenix Pro protocols, 2) whether you want to offer non-protocol programs, or 3) whether you intend to still offer your old supplement protocol to individuals.

2. If you select an Aptogenix protocol, you will see a new set of fields appear on your registration form:
 - a. **Starting Patient Bank Balance** - this is the amount of “credit” you want to allot to the member for supplements during their program. By default, this amount is set to \$1500.00, as this covers the cost of the supplements, but if you know the bank allowance associated with the program length you’re registering the member for, you can enter it here.
 - i. This amount can be edited within Aptogenix at any time, so you’re not locked in to what you enter on registration.
 - ii. If you have any questions about patient bank balances, please reach out to your FPC coaches or contact Aptogenix directly at support@aptogenix.com
 - b. **Shipping address** - enter the street address, city, state, and zip code where the registrant needs to receive their supplements

Program Start Date MM/DD/YYYY	Program 6 Month Program x	Supplement Protocol Aptogenix (Basic) x	Starting Patient Bank Balance 1500.00
Street Address Street Address	City City	State v	Zip Code Zip Code
Notes Notes			

3. Fill in the remaining fields on the registration form, then click Submit. On the confirmation page, you will see a button to finalize the supplement order in Aptogenix:

Your Test Patient's supplement order has been added to your cart on Aptogenix.
Please click the button below to checkout and complete their supplement order:

[Finalize Order >](#)

Program Order Receipt

4. Click the Finalize Order button to review and submit your member's supplement order in Aptogenix
 - a. The patient name, supplement bank balance, and phone, email, shipping address information is securely transferred from Vibility to Aptogenix
 - b. The appropriate supplements and quantities for the Aptogenix protocol selected on Registration are automatically loaded into your cart, so you can confirm your payment method, then click "Order & Pay Now":

5. The patient's registration is complete AND their supplement order is complete. You've simplified your processes and ensured that your patient has everything they need to get started. Sit back and relax!

SOME HELPFUL NOTES:

1. If you click away from the Order Confirmation screen in Vibility or close your window, you can still process your order in Aptogenix. In addition to the Order Confirmation screen, you will receive an email after registration that includes the same “Finalize Order” button, and you can also login to your Aptogenix account and see the supplement order waiting in the cart.
2. If you are not logged in to your Aptogenix account at the time of clicking the “Finalize Order” button in Vibility, you will be directed to a login page instead. Login to your practice’s Aptogenix account using the email address associated with your provider and you will see the order waiting for you in your cart.
3. It is possible to adjust the quantity and content of the supplement order placed in your Aptogenix cart after clicking the Finalize Order button in Vibility. Any modifications made to the cart will affect whether the instructions in your Vibility programs are accurate for what supplements the member receives from Aptogenix. We encourage you to keep this order intact and do not modify it. If you have any questions or want to discuss customized Aptogenix protocols within your Vibility programs, please contact Chris Henson at chris@vibility.com.
4. Any errors or issues related to ordering supplements through Aptogenix should be directed to support@aptogenix.com. Issues or errors within your Vibility my.wellnesscurriculum.com portal should be directed to support@wellnesscurriculum.com.
